"Believe in me, who believes in you."- Kamina. — I care about showing the world that humble begins doesn't mean humble ends. No matter the person anything is possible which is why my life's motto is to do it even if you believe you can't. It's at such moments that it's important to believe in what everyone else sees in you.

PROJECT EXPERIENCE

TechJobsMVC — Console Application

- Designed search functionality for the application with varying results for users inputs.
- Designed a Listing Program that is able to display information through varying filters.
- Rebuilt the application's data input functionality to allow for search results to identify items by their specified fields in a job.

WORK EXPERIENCE

Cashier, McDonalds, Tallas, Mi, August 2020 – December 2020

- As a cashier I was consistently being exposed to environments where I both needed to work with technology and interact with multiple people at once
- In this position it is vital that you work in a timely but accurate manner to match the tempo of the crew.

Sandwich Maker, Wendys, St.Louis, Mo, May 2019 – August 2019

- This position provided hands-on experience in the team workplace setting which furthered my abilities to work in tandem with others.
- I developed the ability to work in both fast pace work settings and very calm slow work settings in an efficient manner.

EDUCATION

LaunchCode, LC101 Programming Course — 2022

Cardinal Ritter College Prep, B.A. English Literature — 2020
